Re: *In the Matter of Regulation of Prepaid Calling Card Services,*  
*WC Docket No. 05-68*

Dear Ms. Dortch:

Yesterday Robert Quinn, Judy Sello and I, all of AT&T, met with Michelle Carey, Tom Navin, Tamara Preiss, Steve Morris, Fred Campbell, Lynne Hewitt Engledow, Lisa Gelb and Jeremy Marcus of the Wireline Competition Bureau. During the meeting, AT&T reiterated that the current prepaid card marketplace is not competitively neutral and urged the Commission immediately to restore a level playing field in that market consistent with the methods described in AT&T's initial comments filed in response to the Commission's Notice of Proposed Rulemaking in the above-referenced proceeding. To that end, AT&T raised the need for the Commission to issue an interim ruling in advance of deciding the ultimate service classification issues raised in the Notice of Proposed Rulemaking.

One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

A handwritten signature in cursive script that reads "Amy L. Alvarez".
